

SUPERINTENDENT'S TEACHER LEADER ACADEMY

Leon County Superintendent Rocky Hanna holds a Teacher Leader Summit for 120 district faculty members who have shown leadership potential and prepares them for the next school year through a session of intense workshops. These faculty members are the school department and team leaders, school deans, potential assistant principals and future leaders in the district. There are three days of guest speakers, lectures, new programs to implement and time for sharing ideas between the attendees. Sponsor businesses can address the audience and provide support materials at the event in June 2018.
