

Electioneering Communications and Political Advertisements Policy

The Greater Tallahassee Chamber of Commerce (“GTCC”) and its affiliate organizations, Leadership Tallahassee and the Chamber Foundation, encourage their members and alumni to be informed, engaged and involved in local, regional and state government. However, electioneering communications and political advertisements, as defined in section 106.011, Florida Statutes, are prohibited at GTCC, Leadership Tallahassee, and Chamber Foundation events, unless related to an official GTCC policy position. This includes, but is not limited to, the Professional Women’s Forum, Business After Hours, and the Annual Chamber Conference in August.

The GTCC and its affiliates also prohibit paid or unpaid electioneering communications and political advertisements, unless related to an official GTCC policy position, from being placed on the GTCC’s social media, websites, newsletters or other branded media.
